Joint Program Executive Office for Chemical and Biological Defense

Joint Project Manager-Elimination Overview

Ms. Karen Price
JPM-E
410.278.2070

December 8, 2015

Distribution Statement A: Approved for public release; distribution is unlimited.

JPM-E Mission and Vision

Mission:

Develop, produce, test, integrate, sustain, operate and field the capabilities (people, equipment, and training) required to conduct chemical WMD destruction operations (assess, access, demilitarize, decontaminate, dispose, and recover) worldwide.

Vision:

To be DoD's premier acquisition enterprise delivering agile and tailored capabilities supporting counter-WMD operations across the entire CBRN spectrum.

JPM-E's RDAP Projects

Programs in Research and Development

- Development of technology for decontaminating agent contaminated soils and debris
- Development and procurement of a high throughput explosively configured destruction system for recovered warfare material
- Development and improvement of X-ray and detection systems for recovered warfare material
- Conduct research into comparing and contrasting techniques and equipment for chemical agent analytical systems
- Improvement to the Explosive Destruction System and Shelb
